Event description:	
<p>On April 3, 2024, the Technical University in Vienna hosted an inter-project coaching meeting, an event designed to foster collaboration and knowledge exchange among various project teams. The event has been organized within the Erasmus+ Capacity Building in Higher Education project "Partnership for Promotion and Popularization of Electrical Mobility through Transformation and Modernization of WB HEIs Study Programs" (PELMOB). The primary aim of this gathering was to promote the goals, work packages, consortium, and project results of the involved initiatives while facilitating the sharing of good practices and in one word - experiences related to successful realization of the projects .</p> <p>One of the presented projects within this event was SPHERE Erasmus + CBHE KA2 project as one of the ongoing projects. Dr. Aleksandra Petrovic presented the results achieved so far in their respective projects with especial emphasis on the project consortium, goals, work packages as well as findings, and case studies that demonstrated the impact and progress of their work. Sharing these results provided an opportunity for critical feedback and constructive discussion, enabling teams to refine their approaches and build on their successes.</p> <p>One of the most valuable aspects of the meeting was the exchange of good practices within all presented projects among participants. Participants shared successful strategies, tools, and methodologies that had proven effective in their projects. This exchange was aimed at helping all teams enhance their project management and execution by learning from each other's experiences.</p> <p>This event has been published on the following link:</p> <p><a href="https://www.facebook.com/permalink.php?story_fbid=pfbid0qnnByFFr8CXtDWgsHqo9RwuksAHivTXc96EK29aWW6c3mDWkmeoHP5VnKqWnLopul&amp;id=61558230719090">https://www.facebook.com/permalink.php?story_fbid=pfbid0qnnByFFr8CXtDWgsHqo9RwuksAHivTXc96EK29aWW6c3mDWkmeoHP5VnKqWnLopul&amp;id=61558230719090</a></p>
