Event description:	
On September 26, 2025, the 16th Researchers' Night was held for the first time in Kosovska Mitrovica, hosted by the Faculty of Technical Sciences in collaboration with the Regional Innovation Center Zubin Potok. The event attracted students, professors, and citizens eager to explore science and innovation in an engaging way. Within the program, Erasmus+ project SPHERE was promoted. Professor Dr. Aleksandra Petrović presented these initiatives, introducing visitors to the faculty's ongoing work and its active participation in international research and mobility projects. This special occasion not only marked the debut of Researchers' Night at the Faculty of Technical Sciences but also served as a platform to inspire young people and the local community to take part in scientific and Erasmus+ activities.
